

Strive for a Safer Drive

Strive for a Safer Drive continued educating teens and community members across the state despite the COVID-19 pandemic throughout 2020 and 2021. In this newsletter, we showcase Michigan teens' dedication to traffic safety. Previously, students educated their peers and community members on five topics; impaired, distracted, and winter driving, speeding, and seat belts. Moving forward, students will educate on a total of nine traffic safety topics by adding night driving, pedestrian, passenger, and bicyclist safety.

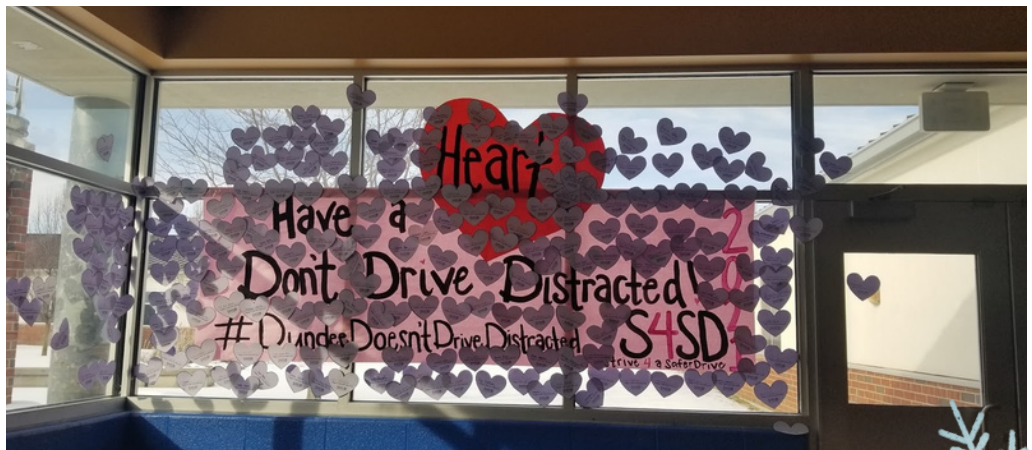

The 2021-2022 S4SD program has selected 38 Michigan high schools to participate! Students can begin campaigning until April 8, 2022.

what a year it was!

It's the perfect time to look back at our most memorable moments.

We look forward to even bigger and better things
in the New Year!

The pandemic made programming difficult, showing how resilient and creative Michigan high school teens are! We move forward into 2022 with 38 participating high schools.

2021-2022 Participating Schools

- Anchor Bay High School
- Athens Jr/Sr High School
- Bay-Arenac Career Center
- Berkley High School
- Brandywine High School
- Clare Gladwin RESD
- Coldwater High School
- Cousino High School
- Croswell-Lexington High School
- Dakota High School
- Dexter High School
- Dow High School
- Dundee High School
- Fordson High School
- Freeland High School
- Grand Blanc High School
- Grand Ledge High School
- Greenhills High School
- Harper Creek High School
- Holly High School
- Lake Shore High School
- Lake Orion High School
- Lakewood High School
- Martin High School
- Memphis Sr. High School
- Meridian Early College High School
- Ontonagon Area Schools
- Otsego High School
- Peck Community Schools
- Plymouth High School
- Port Huron Northern High School
- Posen High School
- Skyline High School
- Swan Valley High School
- Vassar High School
- West Shore ESD CTE
- Woodhaven High School
- Yale High School
